

PRODUCT INFO

SHOWER-VALVE

for ORTLIEB Water-Sack and Water-Bag

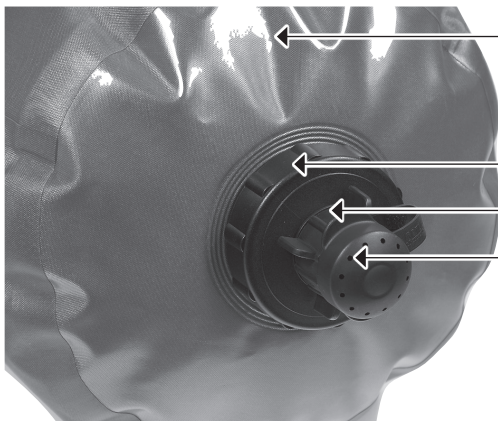

PVC
free

Ring to go under threaded top

Shower valve (weight: 5g)

Application:

ORTLIEB Water-Sack, Water-Bag or Water-Belt

Large valve cap

Removable cap for fast opening and closing of the valve

Small holes provide a constant flow (when shower valve is used)

weight g/oz.

5/0.2

SPECIFICATIONS:

- + Shower valve for all ORTLIEB Water-Sacks, Water-Bags and Water-Belt from models 1999 on
- + The shower valve is placed under the small cover cap onto the threaded connector instead of the dust cap
- + Simple metering of throughput by turning the shower valve
Ideal combination with the black 10l water sack or water bag as solar shower
(check the water temperature prior to use - water might be too hot resulting in burns)
- + Can be used for watering flowers or for washing dishes
- + For water transport: remove the shower cap, cover the valve with the dust cap and firmly close the valve

Contents: Shower-Valve
